Each student will receive a skills bag the first week of class that will include all other supplies that are required for skills lab practice during the first course (NU309)

D. BADGE CLIP & STUDENT NURSE BADGE

Each student is required to purchase one University of Mobile badge clip (that includes a plastic holder and a “student nurse” badge) as an additional requirement of the uniform, at a cost of \$10.00 (cash only) total. The badge clip will be used to affix the name tag to the uniform. Additional clips may be purchased at the same time or throughout the program (at the same cost). Students who break or damage their badge clip will be required to replace it at their expense throughout the program.

Badge clips may be purchased any time, Monday – Thursday, 8:00am – 4:00pm, on campus. They are available in the College of Health Professions, Weaver Hall, Suite 316, at the front desk. If you are unable to purchase your badge prior to start of the semester, badges will be available for purchase on the first day of class during orientation.

All “student nurse” identification cards will be made the first week of class. We will go as a group to get these made. Please do not attempt to do this in advance of the first week of class.

****The “student nurse” ID is NOT the same as your “student” ID.** Please make sure that you have obtained your *student ID* prior to the beginning of classes. **
